UV Modular Ltd

AssetCo plc, (AIM : ASTO) the integrated support services business, announces today that its vehicle assembly business UV Modular Limited (UVM) has been placed into Administration

This action is in line with the statement made at the publication of the Groups interim results on 7th December 2009, that following a strategic review conducted earlier in the year it would seek to exit from its low margin businesses and focus on the further development of growth opportunities as a fully integrated support services company.

The trading at AssetCo plc remains in line to meet market expectations.
